Trade Information... ArmaLite® will take your old duty weapons or confiscated guns in trade for new weapons or equipment. Trading your equipment puts new equipment in your department. Selling or auctioning puts money in the Government Treasury and not necessarily in your budget. We have different programs for all political climates. Call us for pricing on your equipment or fax a list describing condition. We will allow top dollar on your used equipment. Why destroy valuable merchandise that can be legally traded to benefit your department? All state, local and federal laws must be adhered to. Illegal weapons must be destroyed.

Individual Officers purchasing restricted weapons or magazines...
A completed and signed original copy of the letter below, on official department letterhead, must be submitted for the purchase of restricted weapons or high capacity magazines.

GENUINE ARMALITE FLIP UP SIGHTS

Introducing another exciting innovation from ArmaLite Inc.
Announcing our own flip-up front and rear sights. We continue to offer another industry first by adding more Genuine ArmaLite Parts to make our accessory line complete for one stop shopping. Be confident ordering the most ideal and innovative sight options on the market for your individual AR-10 or M15 rifle. Each sight is designed with the correct caliber in mind. In addition, each flip up rear or front sight is our own design and machined from aircraft aluminum right here in our own factory and are hard coat anodized to assure ArmaLite's highest standards.

Flip Up Rear Sights

The flip up rear sight is also available in AR-10 or M15 with individual sight drum trajectory. Both flip up rear sights offer true elevation for 300, 400, 500 and 600 yards with four single clicks to easily guide you to each elevation. This sight is designed to mount directly on all Mil-Standard compliant A4 Receivers.

Height when folded down is a mere 7/16", which fits conveniently under most scopes even with low mount rings.
